

PURDUE UNIVERSITY IN INDIANAPOLIS

Purdue University in Indianapolis is a fully integrated expansion of the West Lafayette campus, expanding the academic rigor and accessible excellence that Purdue is known for to central Indiana. The new urban campus is preparing world-ready students for the jobs of tomorrow through strong industry partnerships to accelerate hands-on learning opportunities, internships and co-ops.

New beginners in Indianapolis are enrolled from day one in the specific degree-granting major of their choice in the College of Engineering, College of Science and Polytechnic Institute.

Continuing students formerly enrolled at IUPUI will pursue their current degree programs and Purdue is committed offering coursework for degree completion.

BUILDING YOUR BOILERMAKER TALENT PIPELINE IN INDIANAPOLIS

KEY CONTACTS

OFFICE OF PROFESSIONAL PRACTICE (OPP)

Patrick Francis - patrickf@purdue.edu
Assistant Director, Employer Engagement

OPP facilitates various work-integrated learning programs for Purdue students including the co-op and internship opportunities. Through the programs, students have the ability gain practical experience while pursuing their studies. OPP also offers various seminars to first-year students for industry exposure and supports partners with building long-term recruitment pipelines. Feel free to reach out for further details on available programs and partnerships.

CENTER FOR CAREER OPPORTUNITIES (CCO)

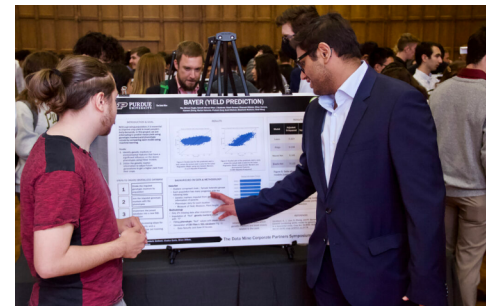

Katie Nelson - nelso750@purdue.edu
Senior Manager of Career Services

The CCO provides career services to students, including job search assistance, resume building, and interview preparation. Employers can connect with the CCO to promote job openings, participate in career fairs, and engage in other recruiting activities aimed at attracting top student talent.

THE DATA MINE

Maggie Betz - betz@purdue.edu
Managing Director of the Data Mine in Indianapolis

The Data Mine is Purdue's hub for data science research and education, offering interdisciplinary collaboration opportunities for students and faculty. Employers can engage with students and research projects, benefiting from cutting-edge data analysis and solutions. Contact this office for partnership opportunities on data-driven projects.

ENGINEERING PROJECTS IN COMMUNITY SERVICE (EPICS) & VERTICALLY-INTEGRATED PROJECTS (VIP)

Matthew Johnson - john3892@purdue.edu
Senior Program Manager

EPICS and VIP offer students hands-on experience through long-term, multidisciplinary projects that address real-world challenges. Employers can collaborate on these projects or recruit students with experience in team-based, community-focused, and industry-relevant problem-solving. Connect with this office for project partnerships.

OFFICE OF EXPERIENTIAL EDUCATION

Kate Caward - kcaward@purdue.edu
Assistant Director of Experiential Education

The Office of Experiential Education helps connect students with meaningful, hands-on opportunities that support their career exploration and development of professional skills. Employers can engage with the office to determine the best fit for their company to get involved in and out of the classroom with meaningful learning experiences.
